

ADR LUNCHTIME SERIES PRESENTATION

Respectful Confrontation

This workshop will explore how the principles of Respectful Confrontation are necessary for effective leadership in our new work culture. These principles are based on the belief that it is possible to stand in your power, speak your truth, hear the truth of others, and have your needs met in a way that will not cause harm. The use of Respectful Confrontation principles results in a shift in behavior, insight into yourself, and an ease with tackling challenging situations with integrity and understanding.
