**Wednesday, September 23, 2015
1:00 p.m. – 2:00 p.m. (EST)**

What is bullying? How can you prevent bullying in the workplace? What are the differences between harassment and bullying? How can you stop the bully if you are the victim? Should you report to the agency about these problems? Participants will learn how to identify the behavior of bullying, to recognize the negative impact of bullying behavior, and to learn ways to stop bullying. All employees are welcome to attend including those that have never experienced workplace bullying. Bullying has no place at work! At last, there must be a way to stop the hurt...and stop the bullying.
